İNGİLTERE' DE ŞEHİR VE BÖLGE PLANLAMASI EĞİTİMİ

## İNGİLTERE' DE ŞEHİR VE BÖLGE PLANLAMASI EĞİTİMİ

İngiltere'de şehir planlama eğitiminin başlangıcı 1900'lü yılların başına rastlamaktadır. Şehir planlama ile ilgili eğitime ilk kez University of Liverpool'da "Civic Design" kursları ile başlanmıştır. 1940'ların sonlarına kadar planlama yalnız mimar, mühendis ve sürveyörlerin bir yıl full-time, ya da iki yıl part-time eğitim yaparak kazandıkları ikinci bir meslek olarak kabul edilmiştir. Planlama lisans eğitimine ise 1945 yılında başlanmıştır.

İngiltere'de uzman plancı gereksinimi İkinci Dünya Savaşından sonra özellikle 1947 Şehir ve Kırsal Alan Planlama Yasasının yürürlüğe girmesinden, ilk yeni şehirlerin inşa edilmesinden ve kitle halinde yeniden yapım uygulamalarının başlamasından sonra çok belirgin bir şekilde ortaya çıkmıştır. 1950'li yıllara kadar planlama mesleği ile genellikle mimarlar ilgilenmiş, ilgili birimlerin mimarlık ve mühendislik büroları şehircilik çalışmalarını üstlenmişlerdi.

İngiltere'de planlamanın mimarlıktan farklı bir meslek olduğunun farkına varılması 1950'li yıllara rastlar. 1950'de hükümet tarafından görevlendirilen bir komite ihtiyaçlar karşısında gerekli bilgi ve yetenekle plancı yetiştirmek, planlama eğitimini iyileştirmek üzere çalışmalar yapmış, önerilerde bulunmuş ve bir rapor hazırlamıştır.

"Schuster Raporu" olarak bilinen komite önerilerini içeren rapor, İngiltere'de planlama eğitimi konusunda en eski ve çok önemli bir belgedir. Raporda özellikle yerel ve merkezi yönetimlerin yetenekli, nitelikli ve eğitimle plancı ihtiyacı üzerinde durulmuş, planlamanın bir ekip çalışması olduğu, disiplinlerarası bir çalışmayı gerektirdiği vurgulanmış ve farklı temel eğitimden gelen öğrencilerin bir ekonomistin, bir mimarın, bir hukukçunun birlikte ikinci kademe eğitimi yapmasının ortak çalışma alışkanlığı yaratması açısından yararları savunulmuştur.

Raporda ayrıca farklı disiplinlerden gelen öğrencilerin eğitim göreceği ikinci kademe eğitiminin iki yıl olması önerilmiş, öğrencilerin planlama eğitimine başlamadan önce bir süre pratikte çalışmasının yararlarına değinilmiştir.

Raporun diğer bölümlerinde planlama bürolarında çalışan çeşitli düzeylerdeki teknisyenlerden büro şefine kadar çeşitli düzeylerdeki planıcı ihtiyacı ortaya konmuştur.

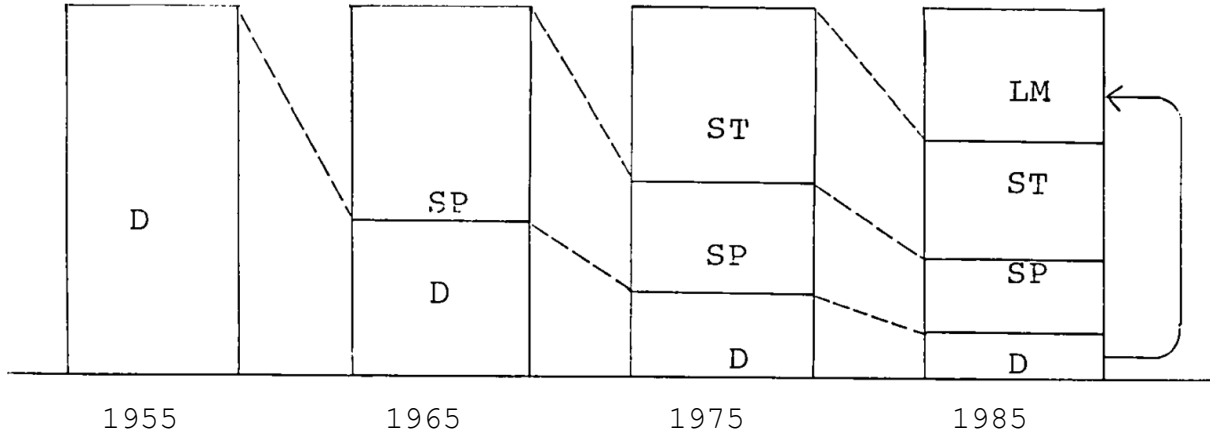

Schuster Raporunun etkisi ile planlama okullarının programları planlama ekibindeki araştırma çalışmalarını yönlendiren ve araştırma aşamasını gerçekleştiren coğrafya, ekonomi, sosyal bilimle ilgili olanların, yaratıcı tasarım sanatı ile ilgili olan ve planı hazırlayan mimar, mühendis ve peyzaj mimarlarının, yönetim ve uygulama sistemi ile ilgili olan hukuk, ekonomi ve yönetimle uğraşanların bir arada eğitim göreceği kurslar halinde düzenlenmeye başlanmıştır.

Schuster Raporundan sonra planlama eğitimi tüm ülkede hızla gelişme ve yayılma göstermiş, özellikle 1960'ların ortalarından sonra planlama kurslarının sayısı hızla artmış ve büyük çeşitlilik göstermeye başlamıştır. Bu yıllarda planlama eğitiminde lisans programları da artmış, yeni yüksek lisans sonrası kurslar düzenlenmiştir. Programların ve programlara katılan öğrencilerin çeşitlenmesi nedeniyle planlama eğitiminin de içeriğinin değiştiği görülmüştür. Tasarım ağırlıklı planlama eğitimi 1960'ların sonlarında sosyal bilim ağırlıklı olarak geliştirilmiştir. Planlamanın bir üründen çok bir süreç olduğunun anlaşılmasından sonra politika analizleri planlama eğitiminde önemli bir rol oynamıştır. 1970'lerde İngiltere'de 18 full-time planlama okulu lisans ve yüksek lisans programlarını geliştirmiştir.

Diğer ülkelerde olduğu gibi İngiltere'de de planlama eğitiminde 1970'lerdeki gelişme 1980'li yılların başında bir krize dönüşmüştür. Ancak bu kriz bir meslek krizi olarak değil planlama okulları arasındaki rekabet sonucu ortaya çıkmıştır 1980'lerin başında 211 lisans, yüksek lisans diploma veya ihtisas programının var olması ve eğitim programlarının çok çeşitli dallara bölünmesi ve ülkenin her yanına dağılmış olması çeşitli sorunlar yaratmıştır. Bu sorunları çözmek ve dağınıklığı önlemek amacı ile programları bir düzene koyma çabaları başlatılmıştır. 1980'li yılların ortalarında bazı üniversitelerde ve politekniklerde planlama bölümleri kapatılmıştır. Her işi yapan planıcı yaklaşımından vazgeçilerek ve ilgili alanlarda

uzman ihtiyacı saptanarak "urban design" "transportation", "analytical techniques" gibi konularda uzman yetiştiren programlar geliştirilmiştir. Günümüzdeki plan lama programları genellikle sosyal bilimler alanı içinde yer almakta ve fiziki planlamanın önemi giderek azalmaktadır.

#### İngiltere'de Planlama Eğitim Programlarında İlgili Disiplinlerin Ağırlıkları

D : Tasarım (Design)  
 SP: Sistem Planlama (System Planning)  
 ST: Sosyal Teori (Social Theory)  
 LM: Yerel Yönetim (Local Management)

Ekteki lisans ve yüksek lisans programları incelendiğinde programların çeşitlilik gösterdiği ve birbirine benzeyen iki programın bulunmadığı görülür. İlgili üniversite ve politeknikler Royal Town Planning Institute'ün belirlediği içeriğe uygun olmak koşulu ile programlarını geliştirmektedirler.

Royal Town Planning Institute'ün belirlediği içerikle planlama programlara, planlama metodolojisi, fiziksel ve yasal çerçeve üst başlıklarında toplanmıştır (Ek: 1).

Programlar içinde buldukları kurumun genel özelliklerine, kadroyu oluşturan öğretim elemanlarının ilgi alanlarına ve çalışma konularına göre bazıları teknik ve profesyonel hüner; bazıları yönetim konusuna ağırlık vermekte; bazıları fiziksel planlamaya, bazıları sosyal bilimlere önem vermektedir. Bazılarında bitirme ödevi olarak tez; bazılarında ise proje çalışmaları yapılmaktadır. Lisans programlarında lisans öğrencilerinin genel bilgilerle eğitildiği,

yüksek lisans programlarında ise uzmanlaşmaya önem verildiği görülmektedir. Royal Town Planning Institute'un önerisi doğrultusunda özellikle etnik grupların kadınların ve özürllülerin kentsel mekanla ilişkilerini düzenleyen özel kurslar geliştirilmektedir.

ROYAL TOWN PLANNING INSTITUTE' UN BELİRLEDİĞİ PROGRAM  
İÇERİĞİ

## THE CORE CURRICULUM AS SET OUT IN THE RTP1 GUIDELINES FOR PLANNING SCHOOLS

**PLANNING METHODOLOGY:** Derivation and application of the planning process, including problem definition, survey analysis, plan formulation, evaluation, implementation, monitoring and review. Types of uncertainty and their effects Skills of communication. Research methods and theory building. Theories of planning in the environment, their epistemology and interests. Procedures and practice of planning including plan making, implementation and development control. Factors likely to frustrate the intentions of plans and contingency arrangements that can be made. Physical, social and economic impacts of environmental planning Relation of environmental planning to other forms of planning. Professionalism in planning.

**THE PHYSICAL ENVIRONMENT:** Land, building, space and the development process. Complementary and conflicting land uses. Infrastructure for urban and rural development. Processes of economic and technological change and their effect on the physical environment. Maintenance of environmental standards. The aesthetic, energy and social justice implications of different forms of physical development; their manifestation at different spatial scales, and characteristic response to them through the environmental planning system.

**THE ADMINISTRATIVE CONTEXT:** The development of the environmental planning system in the U.K. and elsewhere. Existing systems of central and local government in the U.K. and their management processes. Legislation regulation the practice of environmental planning and related agencies. The influence of legal, procedural and political factors on plan making, implementation and development control. Involvement of the public and elected members. Finance for development and maintenance of the environment.

- REGIONAL PLANNING
  - o COVENTRY (LANCHESTER) P. (MA, 1 yr)
  
- RURAL AND REGIONAL RESOURCES PLANNING
  - o ROBERT GORDON'S IT (MSc, 2 yrs)
  
- TOWN AND COUNTRY PLANNING
  - o EDINBURGH C. ART (Diploma, 2 yrs)
  - o TRENT P. (MA, 2 yrs)
  
- URBAN DESIGN
  - o OXFORD P. (MA)
  - o ROBERT GORDON'S IT (Diploma 1 yr)
  
- URBAN PLANNING
  - o OXFORD P. (MSc.)
  
- URBAN AND REGIONAL PLANNING
  - o COVENTRY (LANCHESTER) P. (Diploma, 2 yrs)

ÜNİVERSİTELERDE UYGULANAN ŞEHİR VE BÖLGE PLANLAMASI  
LİSANS VE YÜKSEK LİSANS PROGRAM İÇERİKLERİNDEN ÖRNEKLER

UNIVERSITY OF DUNDEE  
FACULTY OF ENVIRONMENTAL STUDIES  
TOWN AND REGIONAL PLANNING

PROGRAMMES:

- Degree of Bachelor of Science in town and regional planning
- Postgraduate study and research.

POSTGRADUATE STUDY AND RESEARCH SUBJECTS:

- Impact of oil and gas related development on local economies
- Social, economic and environmental impact assessments
- Urban planning in France ○ Environmental education in schools.
- History of Planning: the work of Sir Patrick Geddes.
- Computerization of quantitative and qualitative spatial data
- The relationship between sociology and planning.
- Movement of manufacturing industry in Dayside.

UNIVERSITY OF DUNDEE  
FACULTY OF ENVIRONMENTAL STUDIES  
DEGREE OF BACHELOR OF SCIENCE IN  
TOWN AND REGIONAL PLANNING

COURSES

PART I COURSES

- Development of Planning Thought and Practice
- Introduction to Survey, Analysis and Statistical Method
- Sociology
- Economics
- Introduction to Location Theory
- Political Theory and Government
- Natural Resources 1
- Environmental Engineering 1
- Principles of Design

PART II COURSES

- Planning Theory and Process
- Law and Statutory Planning Practice 1
- Techniques of Analysis, Projection, Plan Generation and Evaluation
- Sociology 2
- Economics 2
- Urban and Regional Spatial Analysis
- Government and Administration
- Natural Resources 2
- Environmental Engineering 2
- Layout and Design.

PART III COURSES

- Management and Decision Theory
- Law and Statutory Planning Practice 2
- Research Methods
- International Comparative Planning plus Two of the Following options:
  - Local Planning
  - Urban Metropolitan Planning
  - Regional Planning

## PART IV COURSES

- The Planner and Society
- Law and Statutory Planning Practice 3
- Plus three of the Following Options
- Housing Policy
- Social Policy
- Planning for Industry
- Advanced Techniques
- Democracy and Participation in Planning
- Resource and Recreation Planning
- Countryside Planning
- Transport Planning
- Conservation.

UNIVERSITY OF DUNDEE  
 FACULTY OF ENVIRONMENTAL STUDIES  
 DEGREE OF BACHELOR OF SCIENCE IN  
 TOWN AND REGIONAL PLANNING

COURSE SCHEME:

EDINBURGH UNIVERSITY

PROGRAMMES:

DIPLOMA      LANDSCAPE STUDIES

M Phil in    LANDSCAPE ARCHITECTURE

DIPLOMA      URBAN DESIGN AND REGIONAL PLANNING

M Phil in    URBAN DESIGN AND REGIONAL PLANNING

DIPLOMA      PLANNING STUDIES (Developing Countries)

EDINBURGH UNIVERSITY  
FACULTY OF SOCIAL SCIENCES  
M Phil in  
LANDSCAPE ARCHITECTURE

COURSE STRUCTURE

60 hours of tuition and supervision will be given in the theory 120 hours in design studio project work in the application of theory in the following three courses:

- 1.Landscape Design
- 2.Landscape Science
- 3.Landscape Technology

EDINBURGH UNIVERSITY

M Phil in

URBAN DESIGN AND REGIONAL PLANNING (Two YEARS-21 MONTHS)

COURSE STRUCTURE

1.Theory and Practice of Urban Design and Regional Planning

- Introduction to Urban Design and Regional Planning
- Practical Studies (Consists of group planning exercise which concludes with a plan or plan appraisal)

2.At least four of the following Additional Courses:

- History of Settlements, Planning for Alternative Futures, Regional Planning Aspects
- Planning Case Studies
- Urban Design Aspects of Planning
- Rural and Recreational Planning
- International Planning Problems and Practice
- Planning Policy and Institutions (Developing Countries)
- Rapid Urbanisation and Housing Policy (Developing Countries)
- Rural Land Management (Developing Country)
- Social Aspects of Planning, Economic Aspects of Planning Transport Aspects of Planning, Planning Law (GB)
- Townscape and Design Guidance
- Environmental Impact Analysis, Analytical Methods for Regional Planning, Threshold Analysis, The Management and Finance of Government, Housing and Infrastructure.

GLASGOW SCHOOL OF ART  
DEPARTMENT OF PLANNING  
HONOURS DEGREE OF BACHELOR OF ARTS IN  
TOWN AND COUNTRY PLANNING

COURSE STRUCTURE

YEAR ONE (FOUNDATION)

- Development of Planning Thought
- Quantative Methods I
- Project Work
- Evolution of Settlement
- Landscape and Resources
- Built Environment and Services
- Sociology I
- Economics I
- Politics and Government I

YEAR TWO

- Planning Theory
- Planning Techniques
- Quantitative Methods II
- Project Work
- Ecology and Landscape Planning
- Urban Design and Conservation
- Sociology II
- Economics II
- Politics and Government II

YEAR THREE

- Metropolitan Planning
- Transportation Planning
- Urban Management and Local Planning
- Rural and Natural Resource Planning
- Study Option
- Project Option
- Inner City Project
- Rural Recreation Project

YEAR FOUR

- Regional Planning
- Planning Law and Procedures
- The Planner, Professionalism and Society
- Dissertation
- Problem-Solving Option
- City Region Study

HE RIOT-WATT UNIVERSITY  
EDINBURGH COLLEGE OF ART  
DEPARTMENT OF ARCHITECTURE

POSTGRADUATE DIPLOMA - MSc in  
URBAN DESIGN

LECTURE COURSES:

- Economic and Social Aspects (Introduction to on Applied Economics, Estate Management, Sociology, Environmental Psychology.
- Practice Elements (Planning Law, Traffic Engineering, Theory and Practice: Administration, Housing, New Town, Town Centers)
- Design Elements (Landscape Design, Civic Design)
- Alternatives and Options (Perception, Architectural Conservation)

SEMINARS:

- Theory of Urban Design
- Urban Design in History
- Special Visitors

PROJECT WORK:

- Basic Studies: (Introduction to the Course, Manscape, Creative Methods I, Townscape Study, Cognitive Mapping, Creative Method II, Gaming and Simulation, Activity Analysis, Esquisse, Creative Method IV, Housing Exercise)
- Design Projects and Intensives (Housing Layout, Intensive: Activity Matrix, Design Project: District, Intensive: Design Briefing, Central Area Project Design Briefing)
- Comprehensive Design Project  
(Final project for the whole of Term 3 to be selected in joint discussion between staff and students which focuses upon a large scale complex urban project which will encompass all aspects of urban design)

SPECIAL VISITS

HERIOT-WATT UNIVERSITY  
EDINBURGH COLLEGE OF ART  
DEPARTMENT OF ARCHITECTURE

MSc DIPLOMA in  
ARCHITECTURAL CONSERVATION

COURSE STRUCTURE

- Theory of Conservation
- History of Architecture and Settlements
- Maintenance, Repair and Restoration
- Town Area Conservation

Together with two electives from:

- Legal Aspects of Urban and Environmental Design
- Urban Sociology and Environmental Psychology
- Transport and Traffic Management
- Landscape Studies in the Department of Architecture
- Historical Studies in the Department of Architecture.

HERIOT - WATT UNIVERSITY  
FACULTY OF ENVIRONMENTAL STUDIES  
PROGRAMMES

BSC DEGREE IN TOWN PLANNING  
BSC DEGREE IN PLANNING STUDIES  
MSc in URBAN DESIGN  
DIPLOMA in URBAN DESIGN  
MSc in ARCHITECTURAL CONSERVATION  
DIPLOMA in ARCHITECTURAL CONSERVATION  
LANDSCAPE ARCHITECTURE  
DIPLOMA IN TOWN AND COUNTRY PLANNING  
DIPLOMA IN HOUSING  
BSC DEGREE IN TOWN PLANNING

HERIOT - WATT UNIVERSITY

DIPLOMA IN  
TOWN AND COUNTRY PLANNING (Two YEARS)

COURSE STRUCTURE

YEAR I

- Theory, Methods and Practice of Planning (Introduction to planning, planning theory, central and local government organisation, rural planning development control, forecasting and evaluation methods, research workshop introduction to computers) lecture 170 hours.
- Social and Economic Factors in Planning (Urban and Regional economics, Management and finance, urban planning) Lect 40 hours
- Physical Factors in Planning (Principles of design, Landscape design, Engineering and infrastructure) Lecture 40 hours.
- Practical Studies I (Structure planning, forecasting, Local planning, site design, development control, planning appeal).

YEAR II

- Practical Studies II (a study visit to an overseas country, to compare planning (2 problems and responses, in addition a series of seminars on current planning practice 250 hours)
- Option Group I (Computerised statistical analysis, Environmental conservation, Housing in the third world, Energy policy, Environmental design standards, Urban planning) select one option.
- Option Group II (Politics of planning, Urban social problems Scottish Planning History, Computer Programming, Traffic engineering, Housing policy) -select one option
- Dissertation

HERIOT-WATT UNIVERSITY  
FACULTY OF ENVIRONMENTAL STUDIES  
DIPLOMA IN HOUSING (Two YEARS)

#### COURSE STRUCTURE

##### YEAR I

- Concepts of Methods I (Housing Management and Administration) I  
Historical development of Housing Policy, Contemporary Housing  
Plans, Legal Studies I, Introduction to Computer Studies, Research  
in Housing, Organisation of Central Local Government, Management  
Finance in Public Authorities Lecture 98 hours)
- Social and Economic Aspects (Urban Deprivation and Social Change,  
Economics: Lecture) 36 hours.
- Physical Aspects I (Building technology, Housing Design, Landscape  
Design for Hours lecture 54 hours)
- Practical I (Study Visits, Reports, Evaluation of Public Sector  
Housing, Local Housing Need, Building Condition Evaluation Report.)  
National Haulage: 330 hours.

##### YEAR II

- Concepts and Methods II (Housing Management and Administration II,  
Housing Finance, Personnel Management, Legal Studies II) Lecture  
80 hours.
- Social and Economic Aspects (Economic Aspects of Housing, Tenant  
Participation) Lecture 18 hours.
- Physical Aspects (Building Maintenance, Physical Planning Estate  
Management) 34 hours.
- Practical II (Applied Housing Study, based on an examination of  
housing problems) 80 hours.
- Options (Housing Associations and Housing and Welfare Rights)  
Lecture 24 hours.
- Dissertation

HERIOT-WATT UNIVERSITY  
FACULTY OF ENVIRONMENTAL STUDIES

BSc DEGREE in TOWN PLANNING  
BSc DEGREE in PLANNING STUDIES

COURSE STRUCTURE

FIRST YEAR

- Man and Physical Habitat I
- Social and Economic Studies I
- Planning Theory and Practice I
- Planning Techniques I
- Practical I

SECOND YEAR

- Man and Physical Habitat I
- Social and Economic Studies
- Planning Theory and Practice
- Planning Techniques II
- Practical II
- SANDWICH YEAR: Year Spent in Practice.

THIRD YEAR

- Man and Physical Habitat III
- Social and Economic Studies III
- Planning Theory and Practice III o Planning Techniques III
- Practical III

FOURTH YEAR

- Planning Theory and Practice
- Practical IV

Two approved options:

Dissertation

(A candidate who is not proceeding in to the fourth year may be awarded the ordinary degree of BSc in Planning Studies).

UNIVERSITY OF MANCHESTER  
DEPARTMENT OF TOWN AND COUNTRY PLANNING

PROGRAMMES

DEGREE OF BA\*(HONOURS SCHOOL OF TOWN AND COUNTRY PLANNING) BACHELOR  
OF TOWN PLANNING (B.TP)

BACHELOR OF LANDSCAPE DESIGN (B.LD)

MASTER OF TOWN PLANNING (MTP1) TWO-YEAR

MASTER OF TOWN - COUNTRY PLANNING (MTP) TWO-YEAR

MASTER OF LANDSCAPE DESIGN (MLD)

\* The Degree of B.A. with Honours in Town and Country Planning does  
not itself constitute a professional qualification.

UNIVERSITY OF MANCHESTER  
DEPARTMENT OF TOWN AND COUNTRY PLANNING

RESEARCH OPPORTUNITIES (RESEARCH ACTIVITY)

- Environmental impact Assessment and Planning Control over Pollution
- Landscape and Countryside Management and Conservation
- Recreation Planning
- Site Planning and Urban Environment Improvement
- Voluntary Sector and Community Involvement in Local Planning
- Comparative Studies of Town Planning Systems and Procedures
- Studies of the Inner City Industrial Property Market
- Studies of the Programme of Rural Industrial Development
- Ecologically Based Landscape Design.

UNIVERSITY OF MANCHESTER  
DEPARTMENT OF TOWN AND COUNTRY PLANNING  
DEGREE OF MASTER OF TOWN PLANNING

THE SUBJECTS OF STUDY:

- Practical Work
- Planning Theory
- Implementation and Finance
- Town and Country Planning Law
- Professional Practice and Management
- Settlement Analysis
- Dissertation.

UNIVERSITY OF MANCHESTER  
 DEPARTMENT OF TOWN AND COUNTRY PLANNING  
 HONOURS DEGREE OF B.A. in  
 TOWN AND COUNTRY PLANNING (THREE-YEAR)

#### COURSE STRUCTURE

##### FIRST YEAR

- Practical Studies
  - Practical Work (Social Survey Design, Analysis  
 Mathematical and Statistical Techniques)
- History and Principles
- Introductory Studies of Habitat
  - Ecology and Earth Science
  - Landscape, Building and Structure
  - Settlement
- Introductory Studies of Society
  - Economics
  - Government
  - Sociology

##### SECOND YEAR

- Practical Work (Urban Planning, Including Studies of Urban  
 Components and Planning Concepts, Zoning, New Settlement,  
 Residential Industrial Area Layout, Countryside Planning)
- Theory and Planning
  - Concepts and Applications
  - Political and Institutional Framework
- Design in Planning (Local Design and Associated Management  
 Policies, Theory and History of Civic and Landscape Design,
- Settlement Analysis I
  - Economics and Sociology (Urban and Regional Economies, Urban  
 Sociology)
  - Services and Communications
- Planning Techniques I (Socio Economic Analysis and Forecasting  
 Methods for Population, Households Employment Social indicator  
 Studies. Plan Generation Evaluation and Costing, Computing Methods.

## THIRD YEAR

- Practical Work: District plan for Existing Medium Sized Town.
- Theory and Practice II (Comparative Studies)
- Design in Planning II (Improvement of Existing Urban Areas.
- Settlement Analysis II (Functioning of Major Subsystems, Housing Manufacturing, Industry, Commerce Minerals, Energy, Transport, Open Space.
  - o Optional Studies.

UNIVERSITY OF MANCHESTER  
DEPARTMENT OF TOWN AND COUNTRY PLANNING

BACHELOR OF PLANNING (ONE YEAR)

○ Practical Work

Either

– Small Area Planning (Local Planning in a structure plan context. Including local plans and site planning in either urban or rural areas; design briefs conservation and improvement area work.

– Large Area Planning (Structure and Regional Planning)

○ Advanced Theory and Technique

Either

– Small Area Planning

or

– Large Area Planning

○ Implementation and Finance

Either

– Property Development (Small Area Option)

or

– Regional Economics and Development (Large Area Option)

○ Town and Country Planning Law

○ Professional Practice and Management

UNIVERSITY OF NEWCASTLE UPON TYNE  
DEPARTMENT OF TOWN PLANNING  
COURSES AVAILABLE

- Planning Theory
- Theories of Organization and Management
- British Legal System and Planning Law
- Planning Organization and Practice
- Survey, Research and Computer Techniques
- Statistics and Mathematical Modelling
- Economics of Planning
- Urban Social Theory
- Urban Design
- Rural and Resource Planning
- Professional Practice
- Cross-national Studies
- E.E.C. Urban and Regional Policies and Practice
- Housing Policies and Practice
- Research Methods and Applications

COURSES AVAILABLE IN OTHER DEPARTMENTS

- Transport Engineering
- Civil and Environmental Engineering
- Housing in Developing Countries

UNIVERSITY OF NEWCASTLE UPON TYNE  
DEPARTMENT OF TOWN PLANNING

PROGRAMMES

HONOURS IN TOWN AND COUNTRY PLANNING  
HONOURS IN LANDSCAPE DESIGN STUDIES  
BACHELOR OF LANDSCAPE DESIGN WITH HONOURS

M PHIL IN LANDSCAPE DESIGN  
M PHIL IN TOWN AND COUNTRY PLANNING

RESEARCH SUBJECTS

- Inner City industrial employment and housing problems, policies and policy evaluation
- Decision-making techniques, planning law and European Planning
- Rural, resource and conservation planning
- Urban Design, theory, practice and organization
- Landscape history, Ecological bases, theory and practice of Landscape design, Land reclamation, Landscape management
- Development planning in the Third World.

UNIVERSITY OF NOTTINGHAM  
FACULTY OF LAW AND SOCIAL SCIENCE  
INSTITUTE OF PLANNING STUDIES

PROGRAMMES:

MA DEGREE AND DIPLOMA

- ENVIRONMENTAL PLANNING
- ENVIRONMENTAL PLANNING FOR DEVELOPING COUNTRIES
- URBAN DESIGN
- URBAN DESIGN FOR DEVELOPING COUNTRIES

RESEARCH SUBJECTS:

- Housing for the poor
- Rural development
- Urban planning and transportation
- Traditional settlement forms in developing country
- Participation
- Inner cities and employment creation
- Planning for ethnic minorities
- Public transportation studies

UNIVERSITY OF NOTTINGHAM  
FACULTY OF LAW AND SOCIAL SCIENCE  
INSTITUTE OF PLANNING STUDIES  
MA DEGREE AND DIPLOMA IN ENVIRONMENTAL PLANNING  
ENVIRONMENTAL PLANNING (TWO YEARS)

CORE SUBJECTS

FIRST YEAR

- Introduction to Planning
- Planning Theory
- Social, Economic and Political Studies
- Planning Law
- Planning Methods
- Policy Studies I
- Planning Project
- Field Study.

SECOND YEAR

- Practice and Management
- Policy Studies II
- Dissertation
- Field Study

ELECTIVES

- History of Planning
- Urban Design
- Regional Planning
- Participation Studies
- Planning for Ethnic Minorities
- Transport Policy Appraisal
- Environmental Economics
- Inner City Development
- Environmental Evaluation

(Four elective units for the MA two elective units for the DIPLOMA)

UNIVERSITY OF NOTTINGHAM  
FACULTY OF LAW AND SOCIAL SCIENCE  
INSTITUTE OF PLANNING STUDIES MA DEGREE AND DIPLOMA IN  
URBAN DESIGN FOR DEVELOPING COUNTRIES (TWO YEARS)

CORE SUBJECTS

FIRST YEAR

- Urban Design Theory I
- Social Theory
- Economic Theory
- Introduction to Planning
- Planning Methods
- Transportation and Traffic Planning
- Building and Environmental Science
- Drawing and Site Planning
- Core Projects
- Urban Design and Planning Projects
- Field Study Projects

SECOND YEAR

- Planning Law
- Planning Practice
- Planning Theory
- Urban Design Theory II
- Urban Design Project II
- Policy Studies
- Landscape

ELECTIVES

- Housing for Developing Countries
- Metropolitan Planning in Developing Countries
- Planning and Design for Disasters
- Participation Studies
- Planning for Ethnic Minorities
- Inner City Development

UNIVERSITY OF SUSSEX  
MA in  
URBAN AND REGIONAL STUDIES

FIRST TERM

- Urban and Regional Analysis: Theories concerning the geography of production, theories of regional development, analysis of migration and labor mobility, explanations of urban development, urban land use and rent theory, structure of the housing market.
  
- Urban Planning and Regional Policy in Britain and Western Europe: Evolution of physical planning and land policy in Britain since the war and considers changes such as the 1968 reorganisation and attempts at nationalisation of development land values. "Local State", the inner city problem and the New Town Policy.

SECOND TERM (Select two of listed options)

A.

- Housing Economics
- Urban Social Movements
- Industrial Policy and the Regional Problem
- Interregional Migration
- Urban Sociology
- Urban Politics and Planning

B.

- The Land Market, Property Development and Housing
- The inner city
- Urban Development in the Third World

THIRD TERM

Dissertation

UNIVERSITY OF SUSSEX  
SCHOOL OF CULTURAL AND COMMUNITY STUDIES  
PROGRAMMES:

BA in URBAN STUDIES  
MA in URBAN AND REGIONAL STUDIES  
M Phil in URBAN AND REGIONAL STUDIES  
D Phil in URBAN AND REGIONAL STUDIES

UNIVERSITY OF SUSSEX  
SCHOOL OF CULTURAL AND COMMUNITY STUDIES  
BA in URBAN STUDIES

- Introduction to Urban Studies
- Foundations of Urban Social and Economic Theory
- Urban Policy and Politics
- Land Development Processes

Study Options:

- Housing
- Racial Tension in Cities
- Third World urban Development and the Effect of New Technology on Employment
- Projects

The degree programme and with a project which is chosen by the individual.

5.A dissertation on a planning subject occupying the last five months of the course, backed by further research training.

- An annual field week, numerous site visits and "live" projects are features of the course-

UNIVERSITY OF SHEFFIELD  
FACULTY OF ARCHITECTURE  
DEPARTMENT OF TOWN AND REGIONAL PLANNING

PROGRAMMES:

BA DEGREE WITH HONOURS IN URBAN STUDIES  
DIPLOMA AND MA DEGREE IN TOWN AND REGIONAL PLANNING  
(DIPLOMA 21 MONTHS, M.A. 24 MONTHS)  
IN FACULTY OF ARCHITECTURE:  
SPECIAL HONOURS DEGREE IN LANDSCAPE DESIGN - PLANT SCIENCE

UNIVERSITY OF SHEFFIELD  
FACULTY OF ARCHITECTURE  
DEPARTMENT OF TOWN AND REGIONAL PLANNING

B.A. DEGREE WITH HONOURS in  
URBAN STUDIES (THREE-YEAR)

#### COURSE STRUCTURE

##### FIRST YEAR

- Urban Studies
  - Urbanisation Process
  - The Evaluation of the Urban Environment
  - The Urban System
- The Design of Urban Areas (Jointly taught by the Department of Arch. Department of Landscape Arch.)

##### SECOND AND THIRD YEAR

- City and Society I
  - Theoretical Perspectives in Urban Studies
  - Market Processes, State Intervention and the Production of the Built Environment
- City and Society II
- Urban Government
- Urban Analysis
- Urban Planning
- Urban Design

##### Optional Courses:

- They are drawn from courses within the Faculty of Architectural Studies such as:
  - Housing Studies or
  - Comparative Studies of Urbanisation
  - Architecture and Landscape Design
- One or two options may be selected from the courses offered by the Faculty of Social Sciences.

UNIVERSITY OF SHEFFIELD  
 FACULTY OF ARCHITECTURE  
 DEPARTMENT OF TOWN AND REGIONAL PLANNING  
 DIPLOMA and MA DEGREE in  
 TOWN AND REGIONAL PLANNING (21 MONTHS DIPLOMA, 24 MONTHS MA)

#### COURSE CONTENT

##### A. Background Courses

Basic Understanding of certain disciplines related to planning- economics, sociology, statistics computing, social science, methodology and design.

##### B. Core Courses

- Planning Methodology (20 lectures)
- Planning Machinery (20 lectures)
- History of Urban Development and Planning (20 lectures)
- Planning Law (15 lectures)
- Development Control (7 lectures)
- Local Government and Urban Politics (10 lectures)
- Science, technology and Urbanism (20 lectures)
  - Micro climate and urban form environmental standards and impact analysis (20 lectures)
  - Design (5 lectures)
  - Information Management
  - Transportation Planning (10 lectures)
  - Rural and Natural Resource Planning (10 lectures)
  - Urban Planning (10 lectures)
  - Local Planning (10 lectures)
  - Government and Administration for Planning (20 seminar)
  - Planning Practice (20 seminar)
  - Comparative Planning Studies (10 seminar)

##### C. Practical Assignment Work

- Experience in Using Planning Techniques
- Focus upon the integrative approach to planning problems at strategic and local scales.

##### D. Work Experience Placement and Study Tours

- Visit to planning offices
- One day study tours
- Study tour abroad

## PART II

- Subject for special study/select four seminar units from two main groups
  - Social Planning
  - Conservation
  - Transport Planning
  - Housing Policy
  - Employment
  - Leisure and Recreation
  - Systems Analysis
  - Rural Resource Plan
  - Information Management
  - Rural Planning in the Developing World
  - Urban Planning in the Developing World
  - Regional Economic Development
  - Housing in the Third World
- Methodology of the Social Sciences
- Diploma Project (For diploma students)
- Dissertation of Major Design (For MA Students)

UNIVERSITY OF WALES -  
 INSTITUTE OF SCIENCE AND TECHNOLOGY UWIST CARDIF  
 SCHOOL OF ENVIRONMENTAL STUDIES  
 MSc in TOWN PLANNING (TWO-YEARS)

SUBJECTS OF STUDY

FIRST YEAR

- Urban Sociology
- Urban Economics
- Locational Analysis
- Environmental Design
- Planning Theory
- Planning Techniques
- Regional Planning
- Urban Planning
- Local Planning
- Rural Planning
- Transportation

either . Contemporary Planning Problems  
 or . Planning Problems and Policies in Developing Countries  
 . Project Work and Course Work SECOND YEAR

- Legislation Related to Planning
- Planning Procedures and Management

Options :

To Select Three Study Options

- Regional Development
- Population Change: Analysis and Policy
- Employment and Manpower Policy
- Housing and Urban Development
- Urban Politics and Planning
- Quantitative Techniques
- Planning in Developing Countries
  - Urban Planning and Housing Policy
  - Rural Development and Settlement Policy
  - Employment and Population Change
  - Transport Policy
- Dissertation
- Project Work and Course Work

UNIVERSITY OF WALES  
 INSTITUTE OF SCIENCE AND TECHNOLOGY - UWlTS -CARDIF

DIPLOMA in TOWN PLANNING (TWO YEARS)

COURSE STRUCTURE

FIRST YEAR

In the first year of the course, students acquire practical training experience through a supervised placement scheme, which usually involves employment with a local planning authority or a central governments department.

SECOND YEAR

- Legislation Related to Planning
- Planning Procedures and Practice
- Management Related to Planning.

SET A

- Urban Conservation
- Inner City Renewal
- Transportation Policy
- Retail Planning

SET B (Research Options)

- Regional Development
- Population Change: Analysis and Policies
- Employment and Management Policy
- Housing and Urban Development
- Urban Politics and Planning
- Quantitative Techniques

Planning in Developing Countries:

4 options

- Urban Planning and Housing Policy
- Rural Development and Settlement Policy
- Employment and Population Change
- Transport Policy
- Project work and course work
- Dissertation

Students are required to select either three study options from Set A, or two study options from Set A, and one Study option from Set B.

UNIVERSITY OF WALES  
INSTITUTE OF SCIENCE AND TECHNOLOGY-UWIST-CARDIF  
SCHOOL OF ENVIRONMENTAL DESIGN

TOWN PLANNING PROGRAMMES:

BSc in TOWN PLANNING STUDIES

DIPLOMA in TOWN PLANNING

MSc in TOWN PLANNING

MSc in TRANSPORT

UNIVERSITY OF WALES  
INSTITUTE OF SCIENCE AND TECHNOLOGY  
SCHOOL OF ENVIRONMENTAL DESIGN  
MSc in TRANSPORT

SUBJECTS OF STUDY

Foundation Element (A general introduction to all modes of transport)

Core Subjects

- Transport Systems-Land Based, Maritime and Air
- Transport and Society
- The Economic and Political Context of Transport
- Legislation, Management and Industrial Relations
- Plans for Transport

Special Options (Two to be taken)

- Public Transport in Urban and Rural Areas
- Roads and Traffic Control Systems
- Physical Distribution Management
- Urban and Rural Development Related to Transport and Communications
- Air Transport
- Maritime Ports Policy
- Maritime Ports Technology
- Dissertation
- Projectwork and Coursework

UNIVERSITY OF WALES  
INSTITUTE OF SCIENCE AND TECHNOLOGY-UWIST-CARDIF  
BSc in TOWN PLANNING STUDIES (THREE YEARS)

SUBJECTS OF STUDY

FIRST YEAR

- Introduction to Planning
- Environmental Design
- Mathematics and Statistics
- Politics
- Economics
- Sociology
- Computing
- Projectwork

SECOND YEAR

- Planning Theory
- Planning Techniques
- Urban Sociology
- Urban Economics
- Environmental Design
- Locational Analysis
- Projectwork

THIRD YEAR

- Regional Planning
- Urban Planning
- Local Planning
- Rural Planning
- Planning Administration and Procedures
- Transportation
- Projectwork

UNIVERSITY OF KENT AT CANTERBURY  
FACULTY OF SOCIAL SCIENCES  
BA in  
URBAN STUDIES

COURSE STRUCTURE

- Economics Part I:  
Economics and Sociology (Economics, Sociology and Statistics)
- Economics Part II:  
Economics Analysis and Policy, Regional and Urban Economics
- Sociology Part I:  
Social Analysis of Industrial Societies, Urban Sociology, Urban Anthropology
- Theories of Organisation and Administration
- The City (Interdisciplinary Course)
- Optional Courses (two optional courses are chosen)
- Housing and Social Policy,
- Urban Politics e.g....

POLİTEKNİKLERDE UYGULANAN ŞEHİR VE BÖLGE PLANLAMASI  
LİSANS VE YÜKSEK LİSANS PROGRAM İÇERİKLERİNDEN ÖRNEKLER

OXFORD POLYTECHNIC  
JOINT CENTRE FOR URBAN DESIGN  
FACULTY OF ARCHITECTURE, PLANNING AND  
ESTATE MANAGEMENT

LINKED POSTGRADUATE DIPLOMA AND MA in URBAN DESIGN  
P. Phil, PhD.

The Joint Centre is a unique postgraduate forum for urban design teaching and research, located in new, purpose-built facilities and staffed by the Departments of Architecture and Town Planning and drawing on the practice and technical resources of over a hundred staff.

There is also an opportunity for some specialisation in two of four options:

URBAN QUALITY HOUSING  
RAPID URBANISATION  
CONSERVATION AND MANAGEMENT OF BUILT RESOURCES

OXFORD POLYTECHNIC  
 DEPARTMENT OF TOWN PLANNING  
 MSc / DIPLOMA COURSE IN URBAN PLANNING (2 YEAR)  
 for social sciences or design disciplines

YEAR I (Term I)

- Planning Philosophy and Concepts (Lectures, Concept Seminar)
- Planning Techniques (Lectures, Workshops)
- Institutional Structure (Lectures)
- Urban Context (Lectures, City Seminar)
- Project Programme
  - Design, Impact and Control
  - Plan Making and Futures Study.

Term II

Optional Courses:

- Computing
  - Physical Development Planning
  - Low Level Techniques
  - Transition Programme (Introduction to Chosen Major Aea)
  - Planning and Control of Development Vacation Study
- Either Urban Development or Regional Development or Social Planning  
 or Urban Planning Economics.

YEAR II

Major Areas of Study

- Urban Development and Planning
  - Regional Development and Planning
  - Social Planning
  - Urban Planning Economics
- Minor Option Course (Each student chose two M.O.C)
- Urban Design
  - Economics in Planning
  - Sociology in Planning
  - Politics in Planning
  - Urban Development
  - Transport
  - Recreation
  - Conservation
  - Regional Development
  - Comparative Planning

OXFORD POLYTECHNIC  
DEPARTMENT OF TOWN PLANNING  
PROGRAMMES:

BA HONOURS IN PLANNING STUDIES (CNAA)

DIPLOMA IN PLANNING  
MSc in URBAN PLANNING STUDIES (CNAA)  
M Phil, PhD.

OXFORD POLYTECHNIC  
DEPARTMENT OF TOWN PLANNING  
DIPLOMA IN PLANNING

Diploma offers Specialisation in the following areas: (The Core)

- Housing
- Industrial and Commercial Development
- Urban Conservation and Renewal
- Urban Conservation and Design
- Public Transport Planning
- Resource Management in Rural Areas
- Recreation Management and Planning

Options: Urban Design, Economics in Planning, Sociology in Planning, Politics in Planning, Methodology in Planning, Comparative Planning, Transport, Regional Development, Urban Development Rural.

OXFORD POLYTECHNIC  
DEPARTMENT OF TOWN PLANNING  
BA HONOURS IN PLANNING STUDIES

COURSE STRUCTURE

YEAR 1

Core

Planning History

Foundation I

- Environmental Design
- Introduction to Transport
- Environment and Resources
- Patterns of Urban Development
- Economics
- Sociology
- Politics
- Law

YEAR 2

Theory and Techniques

Foundation II

- Environment - Behavior
- Transportation Planning
- Site Planning
- Urban Structure
- Economics
- Sociology
- Politics
- Law

YEAR 3

Concentrations

A Choice of one major and one minor concentration from

- Rural Development
- Regional Development
- Urban Policy
- Urban Development
- Environmental Design
- Transport Planning

Options Example: Planning in Developing Countries, Urban Transport Economics, Transport in Rural Areas, Welfare Policy, Landlord and Tenant Law.

OXFORD POLYTECHNIC

DEPARTMENT OF TOWN PLANNING

MSc DEGREE in URBAN PLANNING (ONE YEAR/12 MONTHS)

Open to graduates who hold a good first degree in planning  
or equivalent qualification

COURSE CONTENT:

CORE:

- Planning Research Seminar
- Public Policy Principles Seminar
- Implementation Seminar

MAJOR AREA (Associated Lectures, Seminars)

- Urban Development and Planning
- Regional Development and Planning
- Social Planning
- Urban Planning Economics

OPTIONS (Seminar, Project)

- Urban Design
- Economics in Planning
- Sociology in Planning
- Politics in Planning
- Urban Development
- Transport
- Recreation
- Conservation
- Regional Development
- Comparative Planning

OXFORD POLYTECHNIC  
DEPARTMENT OF TOWN PLANNING

SHORT COURSES AND DEVELOPMENT WORKSHOPS:

VALUE FOR MONEY: HOW TO CALCULATE IT

MINERALS PLANNING

EEC AID AND LOCAL AUTHORITIES

LISTED BUILDING AND CONSERVATION CONTROL

DEVELOPMENT CONTROL AND INDUSTRY

INFORMATION TECHNOLOGY IN PLANNING

RURAL FORUM

NEW PLANNING LEGISLATION

STATISTICAL COMPUTING FOR BEGINNERS USING SPSS
